

This is a digital copy of a book that was preserved for generations on library shelves before it was carefully scanned by Google as part of a project to make the world's books discoverable online.

It has survived long enough for the copyright to expire and the book to enter the public domain. A public domain book is one that was never subject to copyright or whose legal copyright term has expired. Whether a book is in the public domain may vary country to country. Public domain books are our gateways to the past, representing a wealth of history, culture and knowledge that's often difficult to discover.

Marks, notations and other marginalia present in the original volume will appear in this file - a reminder of this book's long journey from the publisher to a library and finally to you.

Usage guidelines

Google is proud to partner with libraries to digitize public domain materials and make them widely accessible. Public domain books belong to the public and we are merely their custodians. Nevertheless, this work is expensive, so in order to keep providing this resource, we have taken steps to prevent abuse by commercial parties, including placing technical restrictions on automated querying.

We also ask that you:

- + *Make non-commercial use of the files* We designed Google Book Search for use by individuals, and we request that you use these files for personal, non-commercial purposes.
- + *Refrain from automated querying* Do not send automated queries of any sort to Google's system: If you are conducting research on machine translation, optical character recognition or other areas where access to a large amount of text is helpful, please contact us. We encourage the use of public domain materials for these purposes and may be able to help.
- + *Maintain attribution* The Google "watermark" you see on each file is essential for informing people about this project and helping them find additional materials through Google Book Search. Please do not remove it.
- + *Keep it legal* Whatever your use, remember that you are responsible for ensuring that what you are doing is legal. Do not assume that just because we believe a book is in the public domain for users in the United States, that the work is also in the public domain for users in other countries. Whether a book is still in copyright varies from country to country, and we can't offer guidance on whether any specific use of any specific book is allowed. Please do not assume that a book's appearance in Google Book Search means it can be used in any manner anywhere in the world. Copyright infringement liability can be quite severe.

The Editors have now the pleasure of issuing a volume of Cornwall Marriage Registers. Much interest has been taken in the proposal, and such willing support has been accorded, that they propose to continue the series in similar volumes. They will be very glad to receive offers of assistance, since it is only by volunteer help that it is possible to print our ancient Parish Registers.

Genealogists, not only in Cornwall, but throughout the English world, will appreciate this systematic attempt to render available the information contained in parish registers, which to most students are at present almost sealed books. These printed copies will preserve the information they contain, even though the originals be lost by carelessness, theft, or fire. Moreover, registers in the past have been sometimes tampered with for wrongful purposes, as was done in the recent Shipway pedigree case, in which forged entries, both early and late, were inserted in several Gloucestershire parish registers.

In several instances where registers have been printed, as a consequence, volumes which had been supposed to be lost, have been discovered and subsequently printed, thus shewing how desirable it is to make public by means of the printing press these ancient records.

The whole of these marriage registers have been abstracted by Mr. Taylor.

The reader is also indebted to the clergy, who have most willingly concurred in allowing the registers to be printed. Their names are mentioned under their respective parishes.

Every care has been exercised in the transcription of the copy, and in many cases the proofs have been collated with the original registers. Still errors may have crept in, from the difficulty of distinguishing certain letters, such as c and t, u, m, n, and i, K and R, O and C, etc. It must also be borne

in mind that the existing early registers are themselves but transcripts from the original paper registers made under the order of Elizabeth, in 1597.

It may be well to record that some of the episcopal transcripts of Cornish parish registers are not, as might be expected, at Exeter, in which diocese Cornwall was until the foundation of the see of Truro in 1877, but are now preserved in the custody of Mr. Shadwell, the District Probate Registrar, at Bodmin, who has at infinite pains re-arranged and indexed the transcripts in his charge. To him and also to the Bishop's Registrar at Exeter, the Editors offer their acknowledgments for permission to collate therewith and supplement therefrom a large number of parochial entries. The extent to which this has been done is much greater than might be supposed from the number of corrections under the several parishes, and forms a special feature of this volume. All the parishes contained in the present volume are comprised within the modern deanery of Trigg Minor; but in future, it may be found convenient to print the marriage registers without regard to the ecclesiastical divisions of the county.

The entries have been reduced to a common form, and the following abbreviations adopted:—

w.=widower or widow.	d.=daughter of.
s.=spinster, single woman, or son of.	p.=of the parish of.
b.=bachelor or single man.	dioc.=in the diocese of.
	co.=in the county of.
	lic.=marriage licence.

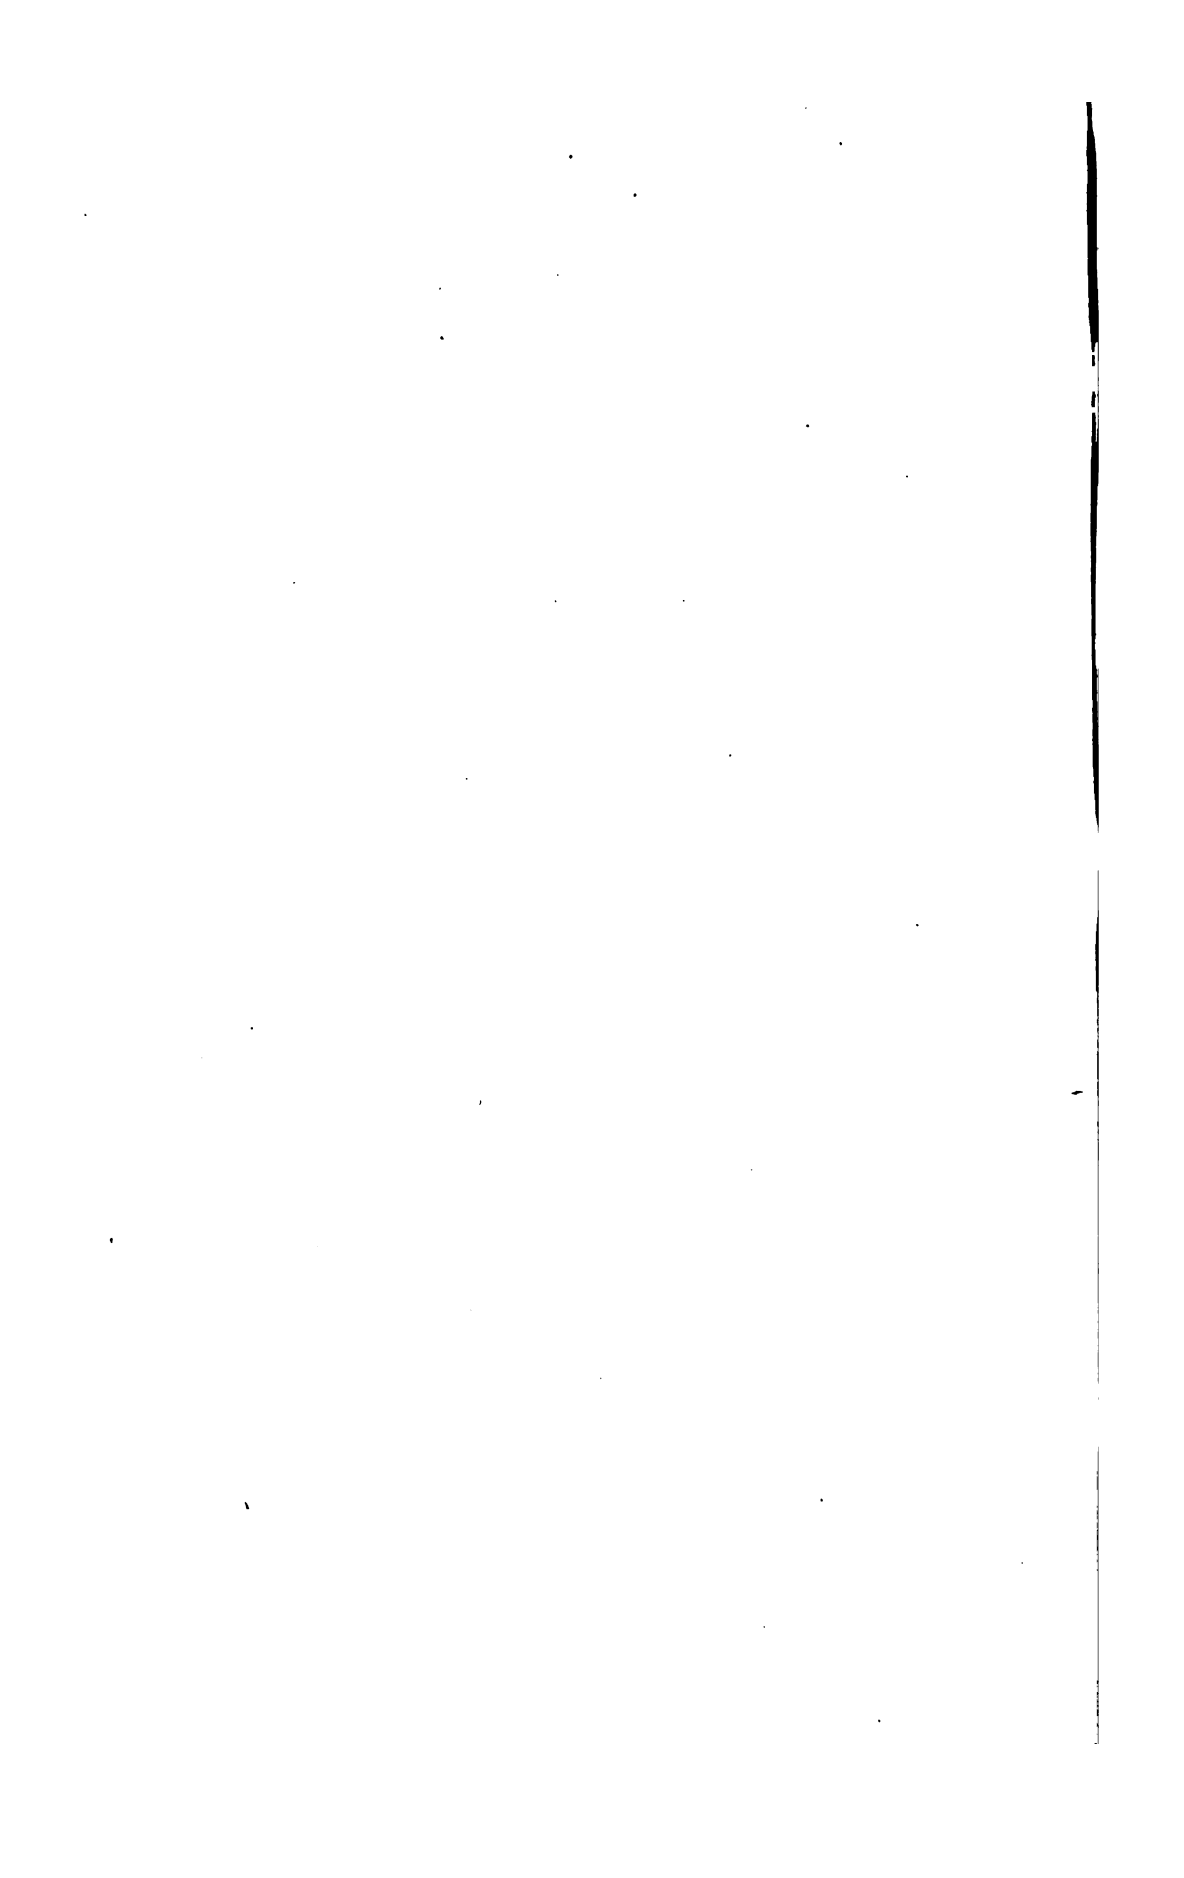

It must be remembered that these printed abstracts of marriage registers are not "evidence" in the technical sense. Certified copies must still be obtained when evidence of a marriage is needed for proving a pedigree in a Court of law, or when registering it at Heralds' College. For such certificates application must be made to the clergy in charge of the original registers.

Ultimately, no doubt, the baptisms and burials will find their way into print, but it seems expedient to issue the weddings first, as is done in the present series.

No index is issued with the volume, as the Editors believe that it is better to print as many registers as possible, and for the present to defer index-making until the registers still in manuscript are placed beyond the risk of loss.

[No marriages appear to be recorded between this date and 1812, and as the rest of the record for burials and baptisms is perfect, it seems probable that none took place].

Marriages at St. Breward,

1558 to 1812.

NOTE.—More than ordinary pains have been taken to furnish a full and complete record of S. Breward Marriages. The Archdeacons Transcripts both at Exeter and at Bodmin have been consulted in order to supply omissions from the Parish Register. Of the first volume it may be useful to state that in the year 1632, during the incumbency of the Rev. Thomas Marwood, the present copy of the then existing Register was made. This appears from the fact that all the entries up to that date were made with the same ink, and are in the same handwriting, which is more regular and more legible than that of any subsequent period. In Dr. Martin's day (1851-1882) the leaves were repaired and the record from 1558 to 1785 bound in one book. Unfortunately, in binding, a certain amount of damage was done—the dates in the margin have, in some places, been hidden from sight. From 1753 to 1813 the Parochial *Marriage* Record is missing. The entries for that period have been, as far as possible, supplied from the Archdeacons' Transcripts. These Transcripts, taking both those collected at Exeter and those at Bodmin, form an almost unbroken series for *Baptisms* and *Burials* between 1753 and 1813, and yet, strange to say, they supply only 39 *Marriages* within that period, and of these 23 are for the four years ending 1812. Is it possible that for some reason or another *Marriages* were not solemnized at S. Breward between 1766 and 1808? It was in 1767 that the Rev. Ralph Barron was instituted and in 1814 that he died. Why there is no record during his incumbency is a problem which awaits solution. The work of copying and collating the extracts has been performed by the Rev. Thomas Taylor, M.A., Vicar of St. Breward, and they are now printed by his permission.

[The marriage record for the next 60 years is missing. It appears to have been lost or destroyed prior to 1851, for Dr. Martin, who was instituted in that year, has left the following note "I cannot find any record of marriages after 1753." Marriages at St. Clether,

1640 to 1811.

NOTE.—The following entries are taken from two volumes. The earlier has parchment leaves and includes the marriages from 1640 to 1758 ; the later is a book consisting of the forms prescribed by Lord Hardwicke's Act. The first volume is well written and would have been quite legible throughout had the ink been good. Unfortunately in many places the writing has peeled off so that almost entire pages present a pitted, inkless surface. The entries have been copied wherever possible, and collated with the Archdeacons' Transcripts at Bodmin by the Rev. T. Taylor and are printed by permission of the Rev. Francis Partridge, Vicar of S. Clether.

VOLUME I.

Marriages at Davidstow,

1676 to 1811.

NOTE.—The earliest volume of the Davidstow Registers is a well-bound volume commencing with the year 1709. With the exception of the first page, which has suffered somewhat from damp, and is consequently in some parts almost illegible, the record is free from difficulty. It is especially unfortunate that the transcripts are missing for a portion of the period covered by the first page, as there is thereby introduced an element of conjecture into one marriage at least. The editors are indebted to the Rev. R. G. Parker, B.A., Vicar of Davidstow, for permission to print the registered marriages. The Rev. T. Taylor is responsible for transcribing and collating them with the transcripts. The first 39 marriages are from the Bodmin Transcripts, permission to print which has been given by Mr. W. H. L. Shadwell, F.S.A., Registrar of the Probate Court.

Marriages at Forrabury,

1676 to 1812.

NOTE.—The Marriage entries for the parish of Forrabury prior to 1812 are contained in a small volume 15 inches by 7, which has been well kept and is quite legible throughout. The first entry was made in 1710 and from that date the record is apparently complete. Permission to transcribe and print has been given by the Rev. H. M. C. Price, M.A., Rector of Forrabury, who is also Rector of Minster. The Marriages hereunder given, prior to 1710, are taken from the Archdeacons' Transcripts kept at Bodmin and is a complete list of them.

Marriages at St. Juliot,

1656 to 1812.

NOTE.—The earliest Register of this Parish is a well bound book with parchment leaves, containing :—Baptisms from July 12, 1657, to November 7, 1812 ; Marriages from July 8, 1656, to October 11, 1757 ; Burials from May 12, 1657, to April 2, 1811. From 1774 to 1812 the Marriages have been entered in the Parish Account Book, in which, amongst many curious items, will be found an annual payment of £1 for beer for making up the Parish Accounts. As the total expenditure at St. Juliot for a year was usually under £20, it would seem that the supply of beer in the good old days was pretty liberal, especially considering that “keeping the account” was charged for as a separate item of expenditure. The whole of the Marriage entries hereunder given have been carefully collated with the Transcripts at Bodmin by the Rev. T. Taylor, who is also responsible for extracting them from the Registers. The Editors wish to tender their thanks to the Rev. W. F. C. Rogers, Rector of St. Juliot, for his courtesy in permitting them to be printed.

Marriages at Lanteglos by Camelford,

1558 to 1812.

NOTE.—The Lanteglos record of Baptisms, Marriages, and Burials is complete from 1558. After the passing of Lord Hardwicke's Act the Marriages still continued to be entered along with the Baptisms and Burials until 1800, in a book with parchment leaves, the form prescribed by the Act being written out by the officiating Minister from 1797 to 1800 and duly signed by him, the contracting parties, and the witnesses. This seems to imply that the Register prepared in accordance with the Act—consisting of printed forms with spaces—was never in use in this parish. The books in which the Marriages are contained consist of three strongly bound books with parchment leaves fairly legible throughout. A former Rector, the Rev. J. J. Wilkinson, made a fair copy of all of them and commenced making an index. Unfortunately this index still remains unfinished. The Marriages, as given hereunder, were abstracted from the original Registers, and then carefully compared with Mr. Wilkinson's transcript. Only in a very few instances did the Editors feel justified in rejecting Mr. Wilkinson's reading altogether; where it differed from theirs both readings have usually been given. In one or two cases what Mr. Wilkinson omitted as illegible is here supplied.

Two interesting notes appear in the middle of the first volume. They read as follows:—

Exhibitu apd Bodmyn cora venerali viro Magro Henrico Denis in legibz baccar'io Dni Archioni Cornubiae officiali letime deputato xxvii die Octobris Ano Dni 1598 et p. en approbatz.

Gre: Friggens Registrarius testatur,

Robertus Mitchell notarius pubcus substitutus Mri Robt Michell Senioris Regrarii testur.

Up to 1598 the handwriting of the Register is evidently that of a skilled penman ; after that date both handwriting and spelling are of varying quality. It is clear, therefore, from the first note (dated 1598) that upon the completion of the transcript (ordered 25 Oct., 1597) the custodians of Registers were required to exhibit it (the transcript) in the Archdeacon's Court. These Registers have been transcribed by the Rev. T. Taylor and are printed by permission of the Rev. R. J. Roe, M.A., J.P., Rector of Lanteglos and Rural Dean.

Marriages at Lesnewth,

1569 to 1812.

NOTE.—The Marriages of the Parish of Lesnewth, from 1569 to 1812, are recorded in two volumes. Both are well preserved, well bound and legible. The first has parchment leaves and comprises the entries from 1569 to 1757. The second is the printed form provided under Lord Hardwicke's Act. The Editors are indebted to the Rev. G. F. Mattinson, M.A., Rector of Lesnewth, for permission to print the following list which has been transcribed for the purpose by the Rev. T. Taylor, assisted by the Rector.

Judging by the handwriting it would appear that the entries up to 1642 are a transcript made in that year.

Marriages at Michaelstow,

1548 to 1812

NOTE.—The following valuable note has been preserved on a loose sheet respecting the Michaelstow Registers. It is in the handwriting of the Rev. Edmund Spettigue, who was Rector of this parish from 1818 until 1846.

“*First Register Book* [bound, with parchment leaves]. The Baptisms commence in 1682, are perfect to 1693, then imperfect to 1718, and end in 1734. The Burials commence in 1544 and are perfect to 1735. The Marriages commence in 1548 and are perfect to 1735.

“*Second Register Book* [parchment leaves and bound]. The Baptisms commence in 1740 and are perfect to 1812. The Burials commence in 1740 and are perfect to 1812. The Marriages commence in 1737 and are perfect to 1812.

“*Third Register Book* [paper leaves and bound]. This includes the Marriages from 1754 to 1812. Note.—It appears from a memorandum left by the Rev. Mr. Thorne, who was Curate in 1813, that the injury to the First Register was done when Mr. Fisher was Rector, the book having been left with the Clerk, from whom Mr. Spettigue recovered it.—May 2, 1831.”

Since 1831 the books appear to have been carefully kept. The statement with regard to the Marriages contained in the “Second Register Book” is not strictly accurate, as several Marriages are given in the duplicate, *i.e.*, “The Third Register Book,” which are not to be found in the former. To the Rev. George Gould Ross, M.A., D.C.L., the Editors are indebted for permission to print the list of Marriages which has been transcribed and collated with the Bodmin Transcripts by the Rev. T. Taylor.

1676 to 1812.

NOTE.—The following entries, with the exception of the two at the beginning, are taken from a small volume, octavo size, with parchment leaves. The record is apparently complete from 1679 to 1812. The Register is, with the exception of the first page, legible throughout, and has been transcribed and collated with the Bodmin Transcripts by the Rev. T. Taylor. The Editors are indebted to the Rev. H. M. C. Price, M.A., Rector of Minster, for permission to extract the entries and to print the same.

Marriages at Otterham,

1687 to 1811.

NOTE.—The Otterham Marriages are contained in two Registers, the earlier one being of parchment, containing Baptisms and Burials from 1687 to 1812, and Marriages from 1687 to 1759; and the later one containing Marriages from 1754 to 1812, entered according to the form provided by Lord Hardwicke's Marriage Act. Both books are legible, but the later volume requires to be rebound. The following note appears under 1754, "no Register at Lesnewth," from which it may be inferred that the Rector of Lesnewth not having provided himself with a book, sent his people to be married at Otterham. Two couples, at least, appear to have availed themselves of this provision. The Otterham entries have been compared with the Bodmin Transcripts and supplemented therefrom by the Rev. T. Taylor. They are printed by the kind permission of the Rev. J. E. Carey, Rector of Otterham.

[N.B.—The entries and additions which are printed in italics are from the Bodmin Transcripts.]

Marriages at St. Teath,

1558 to 1812.

NOTE.—The following entries have been extracted from three volumes. The first of these volumes contains all Marriages and Baptisms from 1558 to 1722, and Burials from 1558 to 1721. The second includes Marriages and Baptisms from 1722 to 1812, and Burials from 1721 to 1812. The third consists of the forms prescribed by Lord Hardwicke's Act, and supplies a duplicate copy of the Marriages from 1754 to 1812. Volume I measures 14 in. by 9½ in., has parchment leaves, and requires re-binding. Owing to damp and the poor quality of the ink used, it is in some places quite illegible. Volume II is a well-bound book, with parchment leaves, and has been very carefully kept throughout. Mrs. Gerveys Grylls assisted the Rev. T. Taylor in extracting the entries, which are printed by permission of the Rev. C. W. S. Taunton, B.A., Vicar of St. Teath.

Marriages at Trevalga.

1539 to 1812.

NOTE.—The entire record of Marriages at Trevalga is contained in a small volume measuring 12 inches by 7. The leaves of this book, 42 in number, several of which are blank, are of parchment. The entries are not consecutive. At the beginning of the book are the entries from 1539 to 1693, and from 1706 to 1718; in the middle are the entries from 1718 to 1780; and no record whatever of marriages is to be found in this or any other book from 1780 to 1812. Those hereunder given, subsequent to 1780, are from the Exeter Transcripts. To the Rev. A. H. Cooke, M.A., late Rector, the editors are indebted for permission to print the Trevalga Marriages, and to the Rev. H. Lines, the present Rector, for the foregoing particulars. The Rev. Thomas Taylor is responsible for extracting and collating the entries.
